Page

- 1-2 FoodCare® FCSJMS: Use in Jams, Preserves, Marmalades and Syrt
- 3-5 FoodCare® FCSJMS: Material Data Sheet and Specification

PRODUCE DESCRIPTION AND SPECIFICATION

Description: FoodCare® FCSJMS is an innocuous, innovative, non-toxic white to pale cream powder Sterilant. A blend of European Union and FDA Food Approved GRAS status, label friendly synergistically blended natural acidulants. The main feature of FoodCare® FCSJMS is its wide antimicrobial activity: it is effective against Gramand Gram+ bacteria, mould and yeast in a wide variety of prepared Jams, Preserves, Marmalades and Syrups, facilitating a longer shelf life without affecting the organoleptic and sensory properties of the Jams, Preserves, Marmalades and Syrups, with no loss of nutritional value.

Action:

The essential action is to act on the cell membrane and cytoplasm, inhibiting growth of bacterial population without cell lysis occurring.

FoodCare® FCSJMS can be added directly to the Jams, Preserves, Marmalades and Syrups either before or after filling.

- Can be used for multiple range of Jams, Preserves, Marmalades and Syrups
- Safe and easy to handle subject to health and safety procedures being adhered to. Review MSDS data.
- No effect on the organoleptic properties of the Jams, Preserves, Marmalades and Syrups.
- Resistant to thermal processes (Boiling, UHT and Pasteurisation up to 100°C/212°F)
- No fumes liberated, no bad odour facilitating a safer and healthier work environment.
- Non-mutagenic
- Very soluble at low temperatures of 4°C

Usage Levels:

We generally advise 0.350gm/litre – 1.5gm/litre of Jams, Preserves, Marmalades and Syrups.

Pack Size: Supplied in 20kg (4x5kg) Food Approved White Poly Carton.

Materials Safety Data Sheet

Applying Annex II of REACH Regulation 1907/2006

FoodCare® FCSJMS

A. PRODUCT DESCRIPTION AND SPECIFICATION

Description: FoodCare® FCSJMS is an innocuous, innovative, non-toxic Sterilant.

Specifications:

Appearance: White to pale cream powder

Taste: Slightly Acidic

Odour: Fresh

Density gm/cm³: 1.06 @ 20°C

Solubility: Completely soluble in water

pH 1.00% @15°C: 2.56

Stability: Very Stable @ 4°C - 20°C

B. SAFETY INFORMATION

1. IDENTIFICATION

Name: FOODCARE® FCSJMS

Product Code: FCSJMS020

Supplied by: Food Care Technologies sprl

3, Rue Abbé Cuypers B-1040 Brussels, BELGIUM

******:+32 497 870 896 ******: +32 241 66 378 **Email:** <u>info@foodcaretechnologies.com</u>

2. COMPOSITION

FoodCare® FCSJMS is a natural, white to pale cream honey based powder consisting of blended natural European Union and FDA (GRAS) Food Approved acidulants.

3. HAZARD INDENTIFICATION

- i. Skin contact May be moderately irritating to the skin.
- ii. Eye contact Serious eye irritant and can cause serious eye damage.
- iii. Ingestion May cause nausea, headaches, abdominal pain and vomiting.
- iv. Inhalation: May cause nausea, headaches and irritation to nasal passage.

4. FIRST AID MEASURES

i. Skin Remove contaminated clothing. In a shower washContact: affected areas with soap and water for at least 15

minutes. Seek medical attention if irritation occurs or

persists. Wash clothing before re-use.

ii. Eye Remove contact lens if worn. Immediately irrigate
Contact: thoroughly with plenty of clean running water for a

thoroughly with plenty of clean running water for at least 15 minutes, open eyelids, if necessary, lifting the upper and lower eyelids. Seek medical attention.

iii. Ingestion: Onset of symptoms may be delayed for 18 to 24 hours

after ingestion. If conscious and medical aid is not immediately available DO NOT INDUCE VOMITING. Contact medical physician and transport to a medical

facility immediately.

v. Inhalation: Remove to fresh air. Restore or assist breathing if

necessary. Obtain medical attention.

5. FIRE FIGHTING MEASURES

Under fire conditions, hazardous fumes will be present – Carbon Monoxide, Carbon Dioxide, Nitrogen Oxides.

- i. Suitable Extinguishing Media CO2, Water Spray or Sand,
- ii. Unsuitable Extinguishing Media Do not use HEAVY Water Stream.
- iii. Surrounding Fires Use water spray or fog for cooling exposed containers.

6. ACCIDENTAL RELEASE MEASURE

Personal Precautions: Wear rubber gloves if prolonged contact with concentrated solution. Avoid contact with skin and eyes. Wear adequate protection. Evacuate unnecessary personnel.

Environmental: Absorb large spillage with non-combustible absorbent material such as sand (**not saw dust**) then place in a closed container for transfer to an approved waste site.

AVOID release to the environment. Prevent entry to sewers and public waters. Notify authorities if product enters sewers and public water systems. Restrict access to spill area until completion of clean-up by trained personnel.

7. HANDLING AND STORAGE

Sensible precautions should be taken to avoid contact with the eyes and skin, inhalation or accidental ingestion. Observe strict cleanliness and personal hygiene at all times. Keep container tightly closed. Store in a cool, dry area at <25°C/77°F. Avoid >25°C/77°F Prevent exposure to light, oxygen and metals.

DO NOT STORE FoodCare® FCSJMS near Strong Bases, Strong Acids or sources of ignition.

8. EXPOSURE, CONTROL AND PERSONAL PROTECTION

I. Handle FoodCare® FCSJMS in accordance with Regional and or State authority regulations of occupational hygiene and safety. Protect Eyes and Respiratory Passage and hands by observing Listed Exposure Controls.

II. Exposure Controls:

a. Hand Protection: Wear protective gloves

b. Respiratory Protection: Wear approved mask

c. Eye Protection: Wear Chemical Goggles or Safety Glasses.

d. Others: When using FoodCare® FCSJMS DO NOT eat, drink or smoke.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance/Colour: White to pale cream powder

Odour: None

Molecular Mass: Not Relevant – Mixture

Density gm/cm³: 1.06 @ 20°C

Solubility: Completely soluble in water

Flash Point: Non flammable

10. STABILITY AND REACTIVITY

FoodCare® FCSJMS is stable under normal storage conditions. Protect from direct light, heat and exposure to metals and oxygen. Store at <25°C/77°F for quality reasons. Protect from frost. Shelf life is 12 months subject to recommended storage conditions being observed.

11. TOXICOLOGICAL INFORMATION.

Exposure: See Section 3
Irritancy: See Section 3

Sensitisation: No known effects

12. ECOLOGICAL INFORMATION

Very toxic to aquatic life No known accumulation

13. DISPOSAL CONSIDERATION

Treatment and disposal must be in accordance with Regional and or State authority Waste regulations at a licensed incinerator or landfill site.

14. TRANSPORTATION:

Ensure the transport haulier/carrier can maintain the Risk and Safety Measures as listed under *Classifications Paragraph 16* and operate temperature within the limits advised in *Paragraph 10*.

15. REGULATORY INFORMATION

FoodCare® FCSJMS is supplied for use as a processing aid in Jams, Preserves, Marmalades and Syrups and is not for retail sale. Classification and labelling is in accordance with Regulation (EC) No 1333/2008 - Processing Aids and (2) Regulation (EU) No 1169/2011 Labelling Regulation.

REACH Restrictions – Annex XVII: The components of this product are not subject to restrictions **REACH Authorisation** – Annex XIV: The components of this product are not subject to restrictions

Source of Key Data used: COMMISSION REGULATION (EU) No 453/2010 of 20 May 2010 on classification, labelling and packaging of substances and mixtures, amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

16. CLASSIFICATION: Using The United Nations Globally Harmonized System of Classification and labelling (GHS) from Regulation EC 1272/2008

Health Hazards:

H303 - May be harmful if swallowed

H313 - May be harmful in contact with skin

H315 - Can cause skin irritation

H318 – Can causes severe eye damage

H332/H334 – May be harmful if inhaled/May cause asthma symptoms or breathing difficulty if inhaled.

H335 – May cause respiratory irritation.

Environmental Hazards:

H400 – Very toxic to aquatic life.

Other EU Hazard Statements:

EUH210 – Safety Data Sheets available on request

EUH401 – To avoid unnecessary risks to human and animal health and the environment, comply with the instructions for use.

General Precautionary Statements:

P101 – If medical advice is needed, have product container or label at hand.

P102 - Keep out of reach of children

P103 - Read label before use.

Prevention Precautionary Statements:

P202 – Do not handle until all safety precautions have been read and understood.

P210 - Keep away from heat/sparks/open flames/ hot surfaces - no smoking

P221 – Take any precaution to avoid contact or mixing with combustibles

P260 - Do not breathe dust.

P261 – Avoid breathing dust

P262 – Do not get in eyes, on skin or on clothing.

P273 – Avoid release to the environment

P280 – Wear protective gloves/protective clothing/eye protection/face protection.

Response Precautionary Statements:

P301+330+331 – IF SWALLOWED: Call doctor/physician. Rinse mouth. DO NOT induce vomiting P303+361+353 – IF ON SKIN (OR HAIR): Remove/take off immediately all contaminated clothing. Rinse skin with soap and water/shower.

P304+341+311: IF INHALED: if breathing is difficult remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a doctor/physician immediately.

P305+351+338+311: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and continue rinsing. Call a doctor/physician immediately.

P370+380 +378: In case of fire: Evacuate area. Use CO2, sand or water spray for extinction. Call fire brigade

Storage Precautionary Statements:

P402+403+404: Store in a dry place. Store in a well-ventilated place. Store in a closed container.

P410+412: Protect from sunlight. Do not expose to temperatures exceeding 25°C/77°F

Disposal Precautionary Statements:

P501: Dispose of contents and container in accordance with Regional and or State authority regulations of occupational hygiene and safety.

17. ADDITIONAL INFORMATION

Country of Manufacture: The Netherlands

FoodCare® FCSJMS is effective against:

Gram -

Campylobacter jejuni Citrobacter freundii Enterobacter aerogenes Escherichia coli

Klebsiella pneumonia var pneumonia

Proteus mirabilis

Pseudomonas aeruginosa Pseudomonas fluorescens Salmonella typhimurium Serratia marcescens Acyclobacillius acidiphilus Bacillus Cereus var mycoide

Gram +

Clostridium botilinum
Clostridium perfringens
Lactobacillus curvatus
Leuconostoc mesenteroides
Listeria monocytogenes
Micrococcus luteus
Mycobacterium phlei

Moulds Yeasts

Aspergillus niger
Aureobasidium pullulans
Gliocadium virens
Chaetanium globosum
Penicillium funiculosum

Candida albicans Rhodotorula rubra Sacharomyces cerevisiae

Staphylococcus aureus
